

How to Upload Your Digital Verification Badge to LinkedIn

One of the best places to include your Digital Verification Badge is LinkedIn. Since your professional information is already included on your LinkedIn page, your Digital Verification Badge gives potential employers a chance to view a pre-prepared background check, building trust and catapulting you to the top of the pack.

Note: To complete these steps, you will already need to have a LinkedIn account. You can get a LinkedIn account at <http://www.linkedin.com>.

Not sure how to upload your JSI Digital Verification Badge to LinkedIn? Here's how!

1) Complete the JSI verification process.

Once you've paid for your JSI background check and completed the verification process, you'll receive a link to your personal background check profile. You can find your Digital Verification Badge on this page.

2) Download your Digital Verification Badge.

Next, you'll need to download your Digital Verification Badge. It includes a QR code that potential employers can scan to order a pre-prepared background check. To download the image, simply click "Click here to download your custom badge." Save the file on your computer. You can then upload to LinkedIn or another social media network, or incorporate it into your resume or business cards.

First name : Jon
Last name : Pastor
Email : jpastor@rentjungle.com
Address : 417 S
City : Pittsburgh
State : PA
Zip : 15208

This Job Seeker Insight user has had Their background check certified as clear by our staff. Please [contact us](#) for detailed information or further validation.
